

**Independent Study &
Mentorship
Final Presentation Night
Tues., April 27th**

**Jaden Mazzola
Business Marketing**

**Under the mentorship of
Mr. Mike Rodriguez
&
Ms. Ashley Wilson**

About Me

Hello, My name is Jaden Mazzola. I am currently a senior at Frisco High School, a full-time student, a Christian, an actor, and plenty more. I plan on pursuing ministry within a business-related major through the education of a Christian-centered school.

Speech Outline

I will be discussing:

- My research and interviews
- Mentor Visits
- My original work
- Final Product
- Learning Experiences

Mission Statment

I want to live every day improving my communication, connections, and relationships. To further the kingdom of God. And to train myself to reach success.

My Final Product

My Final Product in ISM, I have worked to grow my very own personal business. This business is the "Advanced Boys", a film and comedy group that I am in with a couple of friends of mine. Throughout the year I began to research how marketing is used efficiently to grow a brand, and that research is how I approached the Advanced Boys as a whole. This presentation is going to be a culmination of all of the marketing strategies and tools that I used to efficiently grow the brand known as "The Advanced Boys.

My Mentors

Mr. Mike Rodriguez

Mike Rodriguez has written and published tons of books and runs his own self named business, Mike Rodriguez International, with his family. Motivating and speaking to people about God, Business, Marketing, Communication, and even Leadership. Mr. Rodriguez has truly been a blessing for my senior year, by passing on so much of his own wisdom onto me.

Ms. Ashley Wilson

Ashley Wilson is the CEO and Founder of Set a Pattern Ministries. Set a Pattern is a young adults ministry, with the goals of sharing the love of Jesus with GenZ, through local evangelism events. We are based in Dallas, Texas and have been operating since 2018.
